PROFESSIONAL SUMMARY

I am a Front-End Developer with over 4 years of web development experience. I have a high level of proficiency in HTML, CSS and JavaScript, along with popular libraries and frameworks such as React.js, Next.js. My strengths include strong problem-solving skills and logical thinking. I aim to build practical, scalable, and maintainable systems with high availability and long-term reliability.

Tech Stack: React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, REST APIs

EDUCATION

2018 - 2022 | University of Transport and Communications

Major: Information technology

WORK EXPERIENCE

Helix Mesh

Senior Frontend Developer | Otc 2024 - Present

- Develop and maintain production-grade web applications using React.js, Next.js, Vue.js, TypeScript, and Tailwind CSS.
- Builds and optimizes Web3-related features including wallet connection, authentication flows, and dashboard UI.
- Collaborated closely with product managers and designers to deliver features efficiently.
- Improve performance, UI consistency, and user experience across multiple products.
- Actively participate in debugging, code review, and proposing technical solutions.

FPT Software

Frontend Developer | Dec 2021 - Otc 2024

- Worked on multiple client projects using React.js, Next.js, Vue.js, JavaScript, HTML, CSS, SCSS.
- Implemented UI features based on design specifications and business requirements.
- Collaborated with cross-functional teams (BA, QA, Backend) throughout the development lifecycle.
- Investigated and fixed bugs, improved code quality and maintainability.
- Performed testing and supported QA to ensure stable releases.

Mevivu

Intern Frontend Developer | Aug 2021 - Dec 2021

- Built and maintained web pages using HTML, CSS, SCSS, JavaScript, React.js.
- Assisted senior developers in implementing new features and updating existing UI.
- Gained hands-on experience with real projects and delivery workflow.
- Successfully completed assigned tasks and handed over features to customers.

RELEVANT PROJECTS

MegaNova - AI Platform (<https://www.meganova.ai/>)

- Developed and maintained a production AI platform website focusing on performance, scalability, and user experience.
- Implemented UI components, landing pages, and dashboards based on new design systems.
- Updated background images, banners, and visual sections to align with refreshed branding and UI/UX guidelines.
- Collaborated closely with product and design teams to deliver features efficiently and ensure design consistency.
- Fixed UI bugs and improved responsiveness across devices.
- Technologies: Next.js, React.js, TypeScript, Tailwind CSS, Git, Figma,...

ASCOTT Brand - Booking Platform (<https://www.discoverasr.com/en>)

- Developed a branded booking website allowing users to reserve apartments using vouchers and promo codes.
- Built reusable UI components, reducing development time and improving consistency.
- Implemented UI based on design requirements and fixed production bugs.
- Collaborated with team members to analyze requirements and resolve issues.
- Technologies: HTML, CSS, JavaScript, Vue.js, Git, Azure, Jira, Figma,...

JOB KOREA (Albamon) - Job Search Platform (<https://www.albamon.com/>)

- Developed features for a large-scale job search platform serving both job seekers and employers.
- Proposed and implemented Chart.js-based solutions for data visualization features, contributing to a successful release phase.
- Built reusable UI components, reducing development time and improving consistency.
- Worked closely with team members to share best practices and improve implementation efficiency.
- Technologies: HTML, CSS, TypeScript, Next.js, Zustand, Chart.js, GSAP, Git, Azure, Jira, Figma,...

SKILL

- Programming Languages: HTML, CSS, JavaScript, TypeScript,...
- Frameworks and libraries: React.js, Next.js, Vue.js, jQuery,...
- UI libraries: Material UI, Ant Design, Bootstrap, shadcn/ui, Tailwind...
- State management: Redux, Redux Saga, Redux Toolkit, Zustand,...
- Databases: MySQL, SQL Server, MongoDB,...
- Development Tools: Git, Figma, npm, yarn, Jest, Webpack, GCP, Azure,...
- Agile methodology: Scrum

ACHIEVEMENTS

- React Udacity
- Google Cloud Certified - Associate Cloud Engineer
- Professional Scrum Master I
- TOEIC Certification from ETS
